

PPROCAM1.3SI-G  
视觉系统 – Camera P3

技术数据

|                 |                                                          |
|-----------------|----------------------------------------------------------|
| 型号              | PPROCAM1.3SI-G                                           |
| 货号              | 3077048                                                  |
| 相机数据            |                                                          |
| Resolution      | 1280 × 1024 像素                                           |
| 发光模式            | IR                                                       |
| 波长              | 850...940 nm                                             |
| 焦距              | 6 mm                                                     |
| 特殊特性            | 耐冲洗                                                      |
| 直流额定工作电流        | ≤ 550 mA                                                 |
| 通信协议            | EtherNet/IP<br>Modbus TCP<br>Modbus TCP<br>PCCC<br>RS232 |
| 机械数据            |                                                          |
| 尺寸              | Ø 104 x 143.3 mm                                         |
| 外壳材料            | 金属, 镀镍铝                                                  |
| Window material | 玻璃, 明确                                                   |
| 工作温度            | 0...+50 °C                                               |
| 防护等级            | IP68                                                     |
| 测试/认证           |                                                          |
| 认证              | CE                                                       |

附件

| 尺寸图 | 型号      | 货号      |
|-----|---------|---------|
|     | PPC06   | 3062409 |
|     | PPC06RA | 3070827 |

特点

- Compact camera with integrated ring light
- Housing material aluminium
- Glas inspection window
- Protection class IP68
- Lens to be ordered separately
- Separate controller required, type PPROCTL
- 2/3" CMOS, 752x480 像素
- 256灰度值

接线图

功能原理

The image processing system PresencePLUS PRO consists of the compact camera and the processing unit incorporated in a separate controller. Lens, external/internal lighting and connection cable are to be ordered separately. Freeware and firmware updates are available for download on: [www.bannerengineering.com](http://www.bannerengineering.com)
